TELEMED
PROVIDED BY CADUCEUS

INSOURCE IS PROUD TO PARTNER WITH CADUCEUS, A FULL-SPECTRUM OCCUPATIONAL MEDICINE PROVIDER, CATERING TO THE UNIQUE NEEDS OF EMPLOYEES AND EMPLOYERS IN BUSINESS, INDUSTRY, AND GOVERNMENT.

CADUCEUS collaborates with our clients to design programs that minimize lost workdays, reduce workers' compensation medical expenses, and facilitate job-specific return-to-work status. Furthermore, CADUCEUS emphasizes the management of the medical care provided to employees through multiple-site facilities and their highly-trained specialty providers.

Available 24 hours a day, 7 days a week!

Patients have access to round-the-clock treatment for injuries and drug testing through CADUCEUS TeleMed. InSource understands that the modern workplace often operates around the clock. CADUCEUS has responded to this need by providing "24/7" care to our clients and their employees. This coverage allows employees to receive post-injury treatment and post-accident screening at any time. Additionally, 24/7 coverage may help employees and employers comply with federal post-accident drug and alcohol testing guidelines. CADUCEUS ensures continuity of care by keeping employers and case managers informed about the health and work status of employees seen after hours. Their 24/7 care and service reflect our commitment to our clients and their employees.
